

NOT ALL BIOBAGS ARE RUBBISH

MULTIPURPOSE BAG

644684

The breathable Naturabioamat® multipurpose bag **improves the shelf life** of food items and helps reduce food waste.

Can be used as a **biowaste bag**. The same bag works for both municipal waste collection and home composting.

Fully **compostable and biodegradable**. Causes no issues for waste treatment facilities.

Certified and high-quality, the multipurpose bag is made from renewable raw materials.

Transparent and versatile: Perfect for **market sales**, packed lunches, and mushroom picking.

Does not produce microplastics!
